

Title of Document:	<b>Request for Change</b>	Issue No. G22-01217	Rev. 0
Customer:		Issue date: February 21, 2022	
Title subject:	NV connector 2-circuit product: Addition of resin material manufacturer	Revision date:	

Please take note that we would like to add one new resin material manufacturer of PA 66 used in the wafer of the NV connector 2-circuit product due to the supply restrictions by current manufacturer as follows.

### 1. Target product and Part number

NV connector <2-circuit, natural color only. Not applicable for 3- and 4-circuit>

Part number: B02P-NV (LF)(SN), B02P-NV (M)(LF)(SN), B02P-NV-GU

### 2. Contents

"Kingfa" will be added as a resin material manufacturer of the wafer used in the aforementioned subject products as below.

We are applying for overseas standards for additional products (made of additional resin).

According to this addition, the part numbers remain unchanged.

—	Resin material manufacturer	Resin material Part No.	Part No. <No change>
Current product	Toray	CM3004V0	B02P-NV (LF)(SN)
Additional product	Toray	CM3004V0	B02P-NV (M)(LF)(SN)
	Kingfa	PA66-RNG00	B02P-NV-GU

### 3. Reason for the addition

Because of difficulty of procuring the resin material due to the supply restrictions by current resin manufacturer, this addition shall be carried out.

Your thought understanding and consideration would be very much appreciated.

-End-
