

Title of Document: Request for Change		Issue No. G20-03882	Rev. 0
Customer:		Issue date: June 15, 2020	
Title subject: ZRO connector 48-circuit Female assembly: Change the color tone of wire seal		Revision date:	

Please take note that we would like to change the color tone of wire seal of the ZRO connector 48-circuit Female assembly as follows.

1. Target product

48ZRO-B-2A

2. Effective date

This change is carried out after customer's approval.

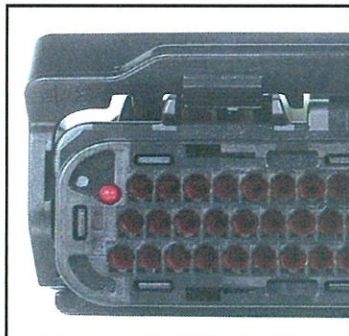

3. Details of the change

According to the review of production system for the aforementioned product, the wire seal of 2A type will be changed in color from red to blue.

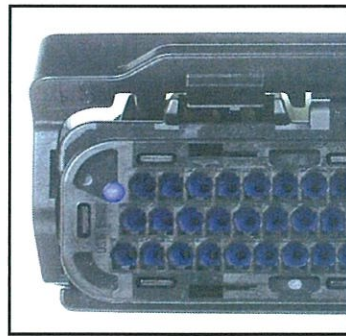

The production method and the product quality control are equivalent to those of the current production.

Part Number	Wire seal color	
	Before change	After change
48ZRO-B-2A	Red	Blue

2A type
(Before change)

2A type
(After change)
