

Title of Document:	<b>Request for Change</b>	Issue No. G20-02633a	Rev. 1
Customer:		Issue date: May 28, 2020	
Title subject:	JMC connector: Addition of product lineup	Revision date: July 17, 2020	

Please take note that we would like to add a product lineup of the JMC connector as follows.

### 1. Target product and Part number

JMC connector Plug and Receptacle (including the misalignment absorption type)  
<See the attached part number list.>

### 2. Effective date

From around December 2020.

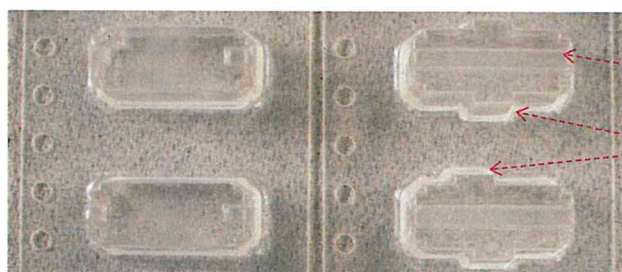

### 3. Details of the change

Comparing with the same conventional product, the following points will be altered.

Selective gold plating (GAN) will be the only gold plating specification for the products added to the lineup.

As a result of performance comparison evaluation at JST, the performance of the additional product is equivalent to that of the conventional product.

—	Conventional product	Additional product
Material of plug side contact	Phosphor bronze	Brass (Receptacle side: Phosphor bronze)
Embossed-reel diameter	φ 330 mm	φ 380 mm
Outer box size	344 × 344 × 225 [mm]	394 × 394 × 225 [mm]
Shape of embossed carrier tape	—	Shape change only for top type 7.5 mm height or more (See photo below.)
Quantity of reels in outer box	—	Reel quantity of current product + 1 reel Refer to the appendix for the quantity of each product.

Current product

Additional product

Change the shape of recess part for boss

Change the shape in order to prevent from sticking  
(Difference in shape pattern)

Photo: Shape change of embossed carrier tape (Plug side top entry type 7.5 mm height or more)

Prepared by: <i>A. Okuni</i>	Checked by: <i>M. Ueda</i>	Reviewed by: <i>M. Arai</i>	Approved by: <i>K. Murata</i>
---------------------------------	-------------------------------	--------------------------------	----------------------------------

<b>JST</b>	Title subject: JMC connector: Addition of product lineup	No. G20-02633a
------------	--	----------------

**4. Reason for the change**

As per customers request

**5. For current products**

Please consider switching to an additional product because it is expected that prices will go up due to soaring material costs (such as gold material) and delivery will delay due to difficulty in obtaining materials.
