

Title of Document:	Request for Change	Issue No. G22-00674	Rev. 0
Customer:		Issue date: February 10, 2022	
Title subject:	Notification of completion of acquiring overseas standards certification (UL/CSA/TUV) for the additional housing resin material products (KINGFA PA66-RNG00)	Revision date:	

It is informed that the certification of the overseas standard for the products made of additional housing resin material (PA66-RNG00 made by KINGFA) has been completed as follows.

1. Target product and Part Number

Series	Part name	Part number	UL certification	CSA certification	TUV certification
YL	Plug housing	YLP-**V (SU)	Registration complete	Registration complete	Registration complete
	Receptacle housing	YLR-**V (SU)			
		YLR-**VF (SU)			

Note) Number of circuits in two-digit figure is indicated in **.

Regarding the matter notified in the "Request for Change (G21-08359)", the certification of the overseas standard has been completed.

Therefore, as our next step, we will gradually promote the unification to the original part number.

Your thought understanding and consideration would be very much appreciated.
