

Title of Document:	<b>Request for Change</b>	Issue No. G21-06682	Rev. 0
Customer:		Issue date: October 6, 2021	
Title subject:	PAL/PNI connectors: Addition of material	Revision date:	

Please take note that we would like to add the wrought copper and copper alloys for the PAL and PNI connectors as follows.

#### 1. Target product and Part Number

PAL connector Pin Contact: SPAL-001T-P0.5, SPAL-002T-P0.5  
PNI connector Socket contact: SPNI-001T-P0.5, SPNI-002T-P0.5

#### 2. Timing of implementation

Production is scheduled to start in December 2021.

#### 3. Contents of the change

As for the wrought copper and copper alloys for the aforementioned subject products, "KLF-5" phosphor bronze material manufactured by Kobe Steel, Ltd. will be added to the current phosphor bronze material (C5191).

In order to identify additional product (made of additional metal material), "(KO)" as identification symbol shall be suffixed to the current part number.

#### 4. Performance and Standards

The product performance remains unchanged.

#### 5. Reason for the change

In order to improve the availability of material. this change is carried out.

Your thought understanding and consideration would be very much appreciated.

-End-
