<b>JST</b>	Title subject: HTE connector Male assembly product: Addition of assembling machine and Embossed-taping packaging specification change	No. G21-01709
------------	---	---------------

### 3. Details of the change

Assembling machine of the male assembly product shall be added and embossed-taping packaging specification shall be changed as shown in Table 2, due to increasing number of orders in the aforementioned products.

The production method and the product quality control are equivalent to those of the current production. No change in the product label.

Table 2: Changes

Assembling machine	Embossed-taping specifications		
	Shape	Color tone	Tape specifications
No.1 assembling machine (Conventional machine)	Shape B		
No.2 assembling machine (Additional machine)	<div data-bbox="414 846 746 873">Shape A Shape B Shape C</div>  <div data-bbox="391 1395 799 1422">※Repeats the shapes A→B→C→A</div>		

### 4. Reason for the change

In order to meet smooth delivery response to customers, this addition and changes are carried out.

Your thought understanding and consideration would be very much appreciated.
