

Title of Document:	<b>Request for Change</b>	Issue No. G22-00768	Rev. 0
Customer:		Issue date: February 4, 2022	
Title subject:	XA connector Header: Addition of resin material (Products made in our Korea plant)	Revision date:	

Please take note that we would like to add one new resin material manufacturer of PA 66 used in the XA connector Header due to the supply restrictions by current manufacturer as follows.

### 1. Target product and Part number

XA connector <Products made in our Korea plant (Color: Natural)>

Part number: B\*(\*)B-XASS-1-T (LF)(SN), B\*B-XASS-1-A-T (LF)(SN)

### 2. Contents

"Kingfa" will be added as a housing resin material manufacturer used in the aforementioned subject products as below.

As a result of performance comparison evaluation at JST, the performance of the additional products (made of additional resin) is equivalent to that of the current products.

Additional products are also UL/CSA certified.

According to this addition, the part numbers will change as follows.

—	Resin material manufacturer	Resin material Part No.	Part No. <example>
Current product	Toray	CM3004-G30	B*(*)B-XASS-1-T (LF)(SN) B*B-XASS-1-A-T (LF)(SN)
Additional product	Toray	CM3004-G30	B*(*)B-XASS-1-T (LF)(SN) B*B-XASS-1-A-T (LF)(SN)
	Kingfa	PA66-RG301	B*(*)B-XASS-1-T(SU)(LF)(SN) B*B-XASS-1-A-T(SU)(LF)(SN)

### 3. Reason for the addition

Because of difficulty of procuring the resin material due to the supply restrictions by current resin manufacturer, this addition shall be carried out.

Your thought understanding and consideration would be very much appreciated.

-End-
